♥ Social media made fun of Melania's dress she wore last night. They said it looked like President Trump scribbled on it with a marker. It is a dress designed by Alexander McQueen using sketches drawn by victims of child sexual abuse to describe their feelings ♥ @FLOTUS

Republicans ought to be extremely happy with how much that speech has left the entire media complex apoplectic with rage and resorting to 100% lying about it. An unquestionable sign of its quality and success if they are all-hands-on-deck lying about it.
